PROFILE

Every time when I start new job, I always set up a goal to achieve success in my career. When I worked at China Energy Engineering Corporation as a translator I also got accumulated an experience on the cooperation with Human Resources and Health, Safety& Environment Department. I also learned a lot which were not known for me before on Logistics and Transportation and on green energy project. I every day try to learn something, and I quickly can get used to be adjusted my new careers and jobs.

WORK EXPERIENCE
