Summary

With over 10 years of diverse security experience in the Kurdistan Region of Iraq (KRI), I have developed specialized expertise in Security Operations Centers (SOC) and Security Journey Management. For the past seven years, I have successfully managed security operations for large-scale oil and gas exploration projects, integrating robust security protocols to protect critical assets and personnel. My background includes strategic oversight and hands-on management in high-risk environments, ensuring operational continuity and safety across multiple teams. Adept at both planning and execution, I am committed to maintaining security standards while navigating complex and dynamic situations. I bring a strong track record of supporting operations, mitigating risks, and delivering effective solutions in challenging settings.

Skills and Expertise

- **Security Operations Management:** Expertise in setting up operating processes, developing and executing comprehensive journey plans, and maintaining effective communication logs.
- **Emergency Management & Security Protocols:** Skilled in emergency response procedures, implementing security protocols, and managing security systems including Track 24 GRID, IVMS, CCTV, Turbonet, and the Lenel System.
- **Journey & Startup Management:** Proficient in journey management and startup operations, ensuring smooth execution and safety of personnel.
- **Technology Proficiency:** Advanced knowledge of Microsoft Office and Google Earth for operational reporting and planning.
- **Leadership & Teamwork:** Ability to work independently with minimal supervision, led by example, and collaborate effectively within teams.
- **Relationship Building:** Strong skills in developing and maintaining professional relationships with internal departments and external partners.

sorans2@hotmail.co.uk

- **Professionalism & Confidentiality:** Consistently demonstrates a professional demeanor, disciplined approach to responsibilities, and strict adherence to confidentiality standards.
- **Commitment to Excellence:** High standards of professionalism, a willingness to take on tasks outside core responsibilities, and dedication to continuous improvement through ongoing training and certifications.
- **Security Experience:** Over 10 years of security experience in the oil and gas sector in the Kurdistan Region of Iraq (KRI).
- **Languages:** Fluent in English and Kurdish, with conversational proficiency in Arabic.
- **Driver's License:** Possesses a valid driver's license for operational requirements.

Work Experience

Harekar (HKN Contract)-Erbil, Iraq, Kurdistan Region

January 2024– Present

SOC Watch Keeper

As a Watch Keeper, I am proficient in Microsoft Office programs and Google Earth, ensuring efficient documentation and communication throughout shifts. I am capable of working independently with minimal supervision while also collaborating effectively with team members, leading by example to foster a productive work environment. I maintain strong relationships across departments, uphold the highest standards of professionalism, and strictly adhere to confidentiality protocols, always maintaining a disciplined approach to my responsibilities. Additionally, I am committed to supporting daily operations beyond core duties, staying updated on security advancements through ongoing training, and cultivating positive relationships with external partners to enhance overall security and operational effectiveness.

Harekar (Genel Energy Contract)-Erbil, Iraq, Kurdistan Region

August 2021 – December 2023

Security Journey Manager

- As a Journey Manager, I am responsible for establishing and maintaining efficient operating processes, including the creation of daily movement sheets and journey movement plans. I develop and execute detailed journey plans, including task sheets, route planning, and identifying safe havens, ensuring all team members are briefed on their locations and potential risks. I collaborate closely with the anchor client's logistics planning team to optimize transport operations, ensuring safety and efficiency throughout the process. In support of the operations manager, I assist in implementing quality and productivity initiatives, maintaining direct communication for each movement to ensure operational success. I oversee the management of all operational armed protection teams (APTs), personal protection officers

(PPOs), and SOC Watch Keepers, ensuring proper equipment and uniform checks before and after missions. Additionally, I am responsible for the development and motivation of the Security Team Mobile (SMT) and journey planning teams, promoting high security standards and continual improvement across operations in the Kurdistan Region of Iraq (KRI).

Falcon (Chevron Contract)-Erbil, Iraq, Kurdistan Region

October 2020 – August 2021

SOC Senior Watch Keeper

- As SOC Senior Watch Keeper, I oversee and manage contractor security services for exploration and production operations in the Kurdistan Region of Iraq (KRI), ensuring adherence to security protocols and effective journey management for personnel and assets. I manage all operational armed protection teams (APTs), personal protection officers (PPOs), and site security teams, coordinating their deployment to meet operational needs. I supervise seven SOC Watch Keepers, handling shift schedules, annual leave, and daily responsibilities to maintain a consistent and efficient workforce. I also oversee Chevron's KRI-based security operations, including 10-armed protection units supporting Erbil operations. My role involves meticulous planning to ensure smooth operations and compliance with safety standards. Through effective leadership, I ensure the readiness and high security standards across all assigned teams and sites.

Falcon (Chevron Contract)-Erbil, Iraq, Kurdistan Region

February 2015 – October 2020

SOC Watch Keeper

Manning the operations room (24/7)

Managing communications with Contractor operational personnel:

- Reporting any contractor or Chevron company matters directly to the Chevron operational supervisor, PSA and Chevron SOM.
- Liaison with Falcon camp management.
- Liaison with APT's, IRT's, Divan guards and FSS Field team leaders.

Maintaining a log of all communications.

Managing incidents, including management of the Incident Notification System:

- METHANE
- Emergency procedures and protocols.

Managing of all Chevron personnel on the I-Cloud as per latest updated Chevron POB to be presented daily to the Chevron SOM.

Management of the Chevron Lenel System

Monitoring tracking systems:

- Track 24 GRID
- Track 24 IVMS

Monitoring CCTV:

- Divan Hotel
- FSS Sarta Field operations

Maintaining all required records and reports, ensuring the correct capturing, and filing of all reports as per Chevron policy.

Falcon (Chevron Contract)-Erbil, Iraq, Kurdistan Region

November 2013 - February 2014

PSD Team Leader

I am responsible for overseeing the team's operations, ensuring effective communication, and maintaining a high standard of performance and safety. I focus on providing guidance, strategic direction, and fostering team cohesion to consistently meet mission objectives and exceed client expectations.
