 - Cost control & management
 - Account reconciliation
 - Ageing of accounts receivable and payable
 - Count inventory
- Nov 2015 - Sept 2021
Accountant
Al Nobog Refrigeration Materials Trading Company
I was preparing financial reports for the current financial situation in the company by studying, collecting and analyzing data that provides sufficient information and insights on performance, financial position and liquidity. I also prepared public and private budgets, income statements, profit and loss reports, revenues and expenses, and all possible financial reports.
 - I followed up on the companies' imports, followed up the expenses involved in clearing the goods from customs, and followed up the transfers sent to the company exporting the goods.
 - We have done correspondence with companies exporting goods via e-mails.
- Mar 2017- Mar 2018
Accountant
Al Safwa Household Materials Trading Company
I developed the company's work in terms of accounts and controlling customer accounts after they were previously complex, and I developed the program that I was working on, which is the DEXEF program for accounts and warehouses.
