ABOUT ME

Esports coach and analyst with practical experience in leading Arab and regional organizations, specializing in developing people's skills, preparing tactical plans, and providing technical analysis. Skilled in Arabic and English training and presentation, with experience in team management and performance improvement.

EDUCATION

- *Bachelor's Degree in English Language Education, Al-Farahidi University, Class of 2024*

EXPERIENCE

- *Geekay Esports 2024*

I worked with Geekay Organization for one year in training and analysis under a one-year contract, during which I achieved numerous successes.

- *NASR Esports 205*

I worked with Nasr Esports for eight months in training and analysis under an eight-month contract, during which I advanced in my role, led the team to achieve profit, and contributed to enhancing the organization's reputation through my success in this field.

I have experience in internet services in general and I used to work in this field at the Telecommunications Tower.
