(Work)

WORK EXPERIENCE

 **SK GROUP** – SULAYMANIYAH, IRAQ

SOLUTIONS MANAGER – 15/09/2022 – CURRENT

- Led software development for SK Group, building websites from scratch, including sharydaik.com, sk-taxi.com, highcresthotel.com, sk.iq, ske.iq, and charonoil.com, skagency.iq, sk-alumina.southkurdistan.com
- Floria City E-Forms: Developed an online form system for Floria City to streamline customer registrations with support for multi-level approval.
- Sulfa Approval System: Designed and implemented an internal workflow application for request approvals. That takes into consideration all formal company paperwork.
- [Tenders Management Platform](#): Built a web-based Tender System to handle procurement and bidding across SKG's companies.
- Automation & Bots: Created chatbot solutions and Google Apps Script automations to improve communication and productivity.
- ERP Evaluation: Research to select the most suitable ERP solution for Shary Daik and SK Group using stakeholder interviews and scoring matrices.
- Performance Evaluation system: Took into consideration all of HR's needs and created a proven, extensive three-level system in order for HR Admin to evaluate each employee and each department. Each step is [designed](#) with company policy in mind.
- [Shary Daik app](#): Designed applications for Shary Daik to manage electricity, gas, water services, and maintenance.
- Branding & Engagement: Designed Snapchat filters for most SKG companies.
- Additional Contributions: Created bots, WhatsApp business profiles, V-Cards, QR codes, automated reports, catalogs, menus, mood tracker systems, charts, presentations, templates, and recovery solutions.
