💻 Network & IT Engineer | System Support | Infrastructure Specialist

Professional Summary

Results-driven Network and IT Engineer with over 4 years of experience in deploying, configuring, and maintaining network infrastructure and IT systems. Specialized in Mikrotik, Cisco, and Nano Router environments. Proven ability to support enterprise-level hardware/software, troubleshoot network issues, and implement surveillance and security solutions. Adept at delivering reliable technical support and enhancing system performance in fast-paced environments.

Core Competencies

- Network Configuration & Troubleshooting (TCP/IP, DHCP, DNS, VPN, VLAN)
- Mikrotik, Cisco & Nano Router Programming
- Windows Server Installation & Maintenance
- CCTV & Surveillance System Integration
- IT Infrastructure Setup & Cabling (CAT5/6/7)
- Printer & Copier Networking
- Hardware & Software Diagnostics
- Technical Support & Helpdesk
- System Formatting & Imaging
- Documentation & Reporting

Professional Experience

Urok Private University – Baghdad, Iraq

Network and IT Engineer | Jan 2020 – Present

- Designed and maintained internal LAN/WAN networks and optimized connectivity across multiple departments.
- Configured routers, switches, and firewalls (Mikrotik, Cisco, Nano) for secure and stable performance.
- Installed and integrated CCTV systems, DVRs, and networked surveillance infrastructure for enhanced security.
- Performed system diagnostics, software installations, and full hardware troubleshooting for desktops and laptops.
- Crimped and organized structured cabling (CAT5/6/7) for 100+ workstations.
- Managed network printer/copier configurations and ensured seamless operation across the network.
- Supported daily IT operations, including OS installations (Windows 7/8/10/11) and end-user support.

Technical Skills

- Operating Systems: Windows (7/8/10/11), Basic Linux
- Networking: Mikrotik, Cisco IOS, VLANs, DHCP, NAT
- Hardware: PC/Mobile Maintenance, Printer/Scanner Setup
- Tools: Wireshark, Putty, Winbox, MS Office (Word, Excel, PowerPoint), Zoner Photo Studio

Education

Bachelor's Degree in Computer Engineering – Networking
Al-Rafidain University College – Baghdad
Graduation Year: 2019

Certifications & Courses

- Advanced Excel (Intermediate Level)
- Computer Maintenance (Good)
- Mobile Maintenance (Very Good)
- English Language Course – Intermediate Level
- Basic Computer Course – Ministry of Labor (2008)

Languages

- Arabic: Native (Very Good)
- English: Intermediate (Reading & Writing – Good, Speaking – Average)

Additional Information

- Strong teamwork and interpersonal skills
- Excellent ability to learn and adapt quickly to new technologies
- Willing to relocate or work under pressure
- Passionate about developing technical capabilities and IT knowledge
