

Bahez Mohammed

INFORMATION TECHNOLOGY SPECIALIST / PROGRAMMER /
PROGRAM CUSTOMIZER

New Hawler, Erbil, Iraq | +964 750 362 55 35 | bahez.mohammed.q@gmail.com

Objective

As an Information Technology Specialist, Programmer, and Program Customizer with a decade of programming experience and a year specializing in business app customization like Dynamics 365 Sales, I am focused on supporting and optimizing business operations. I combine technical expertise with hands-on customization skills to design solutions that enhance workflows and customer service. My goal is to foster a productive work environment by setting clear objectives, coaching team members, and ensuring seamless, innovative operations that drive operational success.

Experience

Freelance Programmer 2014 - Present

Developed and customized software solutions for diverse clients, handling project management, updates, and troubleshooting with a strong coding foundation.

Graphic Designer – News Content Writer, Kurdiu 2022 - Present

Designed graphics and managed social media posts to enhance brand visibility and engagement. Edited and curated news content from external sources for the Kurdiu website blog, ensuring accuracy and clarity.

Moderator/Customer Representative Specialist, Pi Network 2019 - 2023

Supported users by resolving inquiries and technical issues, ensuring seamless crypto mining experience; Moderated online communities, fostering engagement and compliance with platform guidelines. And educated users on crypto concepts and provided feedback to enhance platform features and user satisfaction.

Accountant & B2C Specialist, Yashar Company for General Trading 2019 - 2022

Managed accounting operations and customer relations, ensuring financial accuracy and high client satisfaction in a trading environment.

Network Specialist, Tarin Net 2024

Built technical skills in network configuration, router setup, point-to-point networking, and deploying UNIFI equipment for fiber optic systems during my internship program.

Freelance Graphic Designer 2022 - 2024

Designed business cards, leaflets, CVs, and marketing materials for clients across professional sectors.

Volunteer, Re:Coded

2018

Assisted children in developing their own games during a week-long workshop, fostering creativity and mentorship in a non-profit setting.
