💼 PROFESSIONAL EXPERIENCE

Professional Summary:

I am a highly motivated professional with over eight years of diverse experience across **sales management, real estate, medical technology, translation, and software development.**

I worked for more than five years in Georgia as a **Sales Manager**, specializing in **tourism and real estate offers.** During this time, I successfully managed client relations, led marketing initiatives, and helped expand the company's presence in both local and international markets.

Additionally, I served as a **Business Manager** for a real estate company for two years, overseeing **business operations, team coordination, and strategic planning** to enhance efficiency and drive growth.

In Iraq, I worked with **Al-Wafi Company** and **Global Medical Company**, where I was responsible for the **installation of ophthalmic medical devices** and providing technical support to healthcare facilities — gaining valuable experience in **technical and operational management.**

I also have professional experience as an **independent programmer and mobile application developer**, creating apps for both **iOS and Android platforms**, managing the full development cycle from concept to deployment.

Moreover, I worked for one year in Georgia as a **translator and interpreter** for **Georgian, Arabic, and English languages**, facilitating communication between individuals and organizations across various fields.

SKILLS

Strong leadership and communication skills with proven experience in sales, business management, and technical operations. Skilled in mobile app development (iOS & Android), translation between Arabic, English, and Georgian, and medical equipment installation. Excellent problem-solving abilities, strategic thinking, and the capacity to work effectively under pressure.
